

Accounting for Mortgage Brokers

"It's never been easy running a mortgage broking business with the long hours, evening appointments, travel and the ever expanding range of loan products. Combine those issues with a reduction in both upfront and trail commissions over the past few years and it's no surprise to find so many brokers have left the profession."

Sam Hamersley - Principal

Here at Velocity Accounting Group we understand the mortgage broking industry. Clearly the mortgage broking landscape has changed following the GFC with increased regulation and falling property values.

Over the years, Sam Hamersley and his team of accountants have mentored dozens of mortgage brokers through the various stages of their business life cycle from start up right through to sale of their loan book. They offer you experience, marketing skills and an intimate understanding of your industry.
